

# Certificate

Ugra attests with this certificate that

## Stehlin Hostag Ink UK Ltd.

underwent an one-day audit on April 1<sup>st</sup> and 2<sup>nd</sup> 2009 and showed that the consulting group is qualified to consult their customers to achieve a PSO certification.

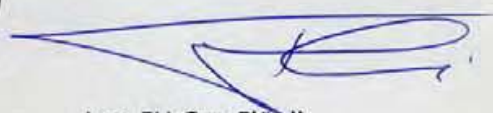

The consultants are trained and possess the know-how for the consulting task. The measuring devices are maintained and the products fulfill the ISO standards.

### The certification is based on the following functions:

- ❖ Documentation and organization of the consulting group:
  - Management tool for the consulting projects
  - Maintenance of the measuring devices
  - Conformity of the Stehlin Hostag products to the standards
- ❖ Theoretical and practical competences for the consulting projects
- ❖ Knowledge about the following ISO standards:
  - Data exchange (ISO 15930)
  - Data creation (ISO 15076)
  - Display / soft proofing (ISO 12646)
  - Proofing (ISO 12647-7)
  - Standard illumination (ISO 3664)
  - Plate making (ISO 9000)
  - Print (ISO 12647-2)
